

Improvement through Innovation

AnchorTech Services

Phone 360 836 8217

Email: AyeCapnBob@aol.com

Our mission is to provide you with the services that meet your needs for quality products and service. To that end we take the time to understand your need And tailor the service to your requirement.

Many common items are stocked for same or next day shipment. Typical lead times for most other products are 2 to 4 weeks.

Common services include, but not limited to:

- Iron, Steel, SS alloy & aluminum castings
- Wire and fabricated anchor systems
- Foundry Patterns
- Reverse engineering
- Full CAD from Drawings or Scans
- Investment cast tooling
- Investment cast parts
- Machined plastic and steel components

As a part of the process, we acknowledge all orders and keep you posted with shipping and delivery details.

AND. We always answer the phone, even if we have bad news to report.

Bad news never gets better with age.
